Experience the Teachings

*Deeply grounded and knowledgeable from years of meditation and yoga practice, Bea's teaching is infused with sensitivity and love. Blessed with the gift of intuitive guidance, she creates a sacred space that encourages personal transformation and connectedness in the community. I recommend any student to Bea's Immersion and Teacher Training Programs.*

—Desiree Rumbaugh, International Anusara Yoga Instructor

*The teacher training has been an uplifting and heart opening experience. I have learned valuable skills from powerful teaching exercises in a supportive community of students. This has been one of the greatest experiences of my life.*

—Genevieve Oswald

## Your Vibrant New Life

*The Immersion was simply wonderful.*

*While I expected the improvements in my physical practice, I had no idea how much my spiritual and emotional understanding would grow. I've also been amazed at how increased physical strength translates into increased inner/emotional strength. Bea is a wonderful person to guide you on that journey. She is a knowledgeable, fun, loving and inspiring teacher.*

—Sandra Ortsman

*The Immersion gave me an overall awareness of the alignment principles which have helped me to be more integrated in my asana practice. I have noticed how much of the yoga experience and knowledge I'm bringing to my business, including staff meetings, communications and general ability to see the good in all situations.*

*Meditation has deepened for me immensely; I used to resist it, and now I can settle in.*

—Elissa Breitbart

*Yoga saved my life—twice. Bea's teaching is so incredibly heartfelt that it's impossible to bring anything other than 100% to her classes. The past nine months have been about so much more than refining my yoga practice. I am learning how to better trust myself, how to let the world work for me, and how to look for the highest in every person and thing.*
